

NEW DEFENCE TAX REVENUE FLOWS MONDAY

**Employers Of More Than
Million Workers To
Make Remittances**

OTTAWA, Sept. 12.—Revenue from the new national defence tax will start flowing into the treasury next Monday, when employers of some 1,200,000 Canadian workers will begin remittances of deductions they have made on payrolls in accordance with the act.

The national defence tax most far-reaching of any personal tax ever imposed on Canadians, is largely collected by employers who thus become temporary assessors for the income tax branch.

Imposed in the budget of last June 24, the tax calls for two per cent of all incomes in excess of \$1,000 a year for single persons and \$1,500 a year in the case of married persons. It is three per cent on the salaries of single persons earning more than \$1,200 a year.

RIG RETURN

The tax became effective on and after July 1, but machinery was not ready to receive remittances from employers until Sept. 16, and those making the deductions were asked to withhold them until that time. Month-end remittances will be made on the 15th of each month and the tax is expected to return \$35,000,000 annually.

Since the tax applies to all workers from the most casual employed to those in permanent positions, there will be many instances in which the aggregate personal income will fall short of the taxable minimum.

In such cases the person concerned may submit a claim at the end of the calendar year to the commissioner of taxation the amount he has earned during the year. If the records received from his employers bear out his claim, the amount deducted from his earnings will be returned.

CROSS WORN BY JOAN OF ARC IS WAR INSIGNIA

**Adopted By Free French
In Battle Against Nazi
Swastika**

MONTREAL, Sept. 12.—The cross worn by Joan of Arc will be carried by the Free French as a battle against the Nazi Swastika. A Montreal newspaper has reported that Charles de Gaulle is told in a letter from the leader of the Free French.

The letter, written Aug. 13, and made public today, contains a copy of a general order issued in London by Admiral Muselier, leader of the Free French naval forces.

In opposition to Hitler's swastika, the order reads, "The cross of Lorraine will figure on our insignia and our banners, like the sacred motto: Honor and country, valor and discipline."

The cross was worn in battle by Joan of Arc when she saved the city of Orleans from the English in 1429. It is said with two horizontal bars, the top bar shorter than the lower.

ABSOLUTE FREEDOM
Freedom of movement, respect for all religious convictions shall be secured in the Free French naval forces, Admiral Muselier orders today.

"However, as the great majority of our crews are formed of Catholics, Catholicism, the Roman Catholic religion is recognized as the official religion on board ships of the Free French Naval Forces and Catholic services can be celebrated on them."

"In that connection, a Catholic chaplain will be put aboard the battleship Courbet and half pay of the male will be celebrated publicly every Sunday in the presence of a guard, which will present arms at the Evulsion."

"To assure that officers and men shall have the safety of their religion, the presence of a Protestant pastor and, if necessary, of a rabbi, will be requested."

General De Gaulle's letter declares that news has been received from France is abundant proof that Germany seeks to dismember and disorganize our country in all spheres.

DESTROY COUNTRY
Alonso-Laraine is disappointed, the frontier is at Nancy. In Luxembourg it is forbidden to speak French. Brunner has a separate government.

"Germany estimates the return of refugees but stops the train carrying them. In short, it is the decomposition of our country that is sought."

**Wheat Delivery
Quotas In Alberta
Districts Raised**

WINNIPEG, Sept. 12.—Further increases in wheat delivery quotas at 40 western Canada marketing points were announced by the Canadian wheat board today, Thursday, bringing to 286 the total number of stations where more than five bushels of wheat per acre were to be sold.

Earlier in the day the board announced increases at 98 more marketing points. All the increases are effective today.

Increased deliveries in Alberta: From five to 10 bushels at Azure, Airdrie, Brooks, Brooksdales, Cross, East, Mutton.

From five to 12 bushels at Cross, East.

Your Figure, Madame!

By IDA JEAN KAIN

You can rest assured that the stylings will not try again soon to squeeze you into a wisp waist corset. Such restraint was too uncomfortable! That was carrying complaints from the health department.

But one truth with the fall fashions will tell you that your waist

is not to be wasted. To lose a dumpty look through the midsection you must scorch, to squeeze off the fat you must twist, to lumber the waist you must bend. So any exercise that combines the three movements is a triple threat to diet.

Position: Sit on the floor, legs wide apart. Movement: First, stretch the arms

Virginia Dale, comedy screen starlet, illustrates a stretch-twist-bend that will take inches off the waistline. Stretch tall, twist, then bend.

must be fairly slim on its own account—and that's why waistlines should be slim. Nobody wants a dumpty figure, but when you let the ribs sag down on the waist and the waist settle down on the hips, that's what you've got. Nobody knows what she was about when she gave you a waistline. It's simply a line in the middle of the figure. It is supposed to be whittled down in this section so that you can twist and bend easily. You can't twist and bend easily when you're so graceful without this section. You have a heavy chest. And you can't wear the fall styles. If you don't do some thing about it, it's just plain indifference—if not laziness.

ANCHOR HIP
Exercise will trim down your waistline. The secret of effective waistline exercise is to anchor the hips securely so that none of the

**ALBERTA WHEAT
YIELD AVERAGE
PLACED AT 23.4**

WINNIPEG, Sept. 12.—The Free French estimated Thursday in its final 1946 crop report that new crop wheat on the Canadian prairies will total 512,350,000 bushels.

The first 1946 estimate Thursday the Dominion Bureau of Statistics estimated the prairie wheat crop at 514,000,000 bushels, larger since 1928.

The Free French estimated the total wheat yield on the prairie at 512,350,000 bushels, the barley yield at 95,730,000 bushels, rye 13,715,000 bushels and fax 3,428,000 bushels.

Reports to the newspaper indicated on more than 18 per cent of wheat and 10 per cent of oat crops are threatened. In Saskatchewan, 51 per cent of wheat and 30 per cent of oat crops are threatened and in Manitoba, 60 per cent of wheat and 35 of oat crops.

The Free French estimates by province, with approximate average yields in brackets: Wheat: Manitoba 64,250,000 (18.2); Saskatchewan 245,500,000 (15.8); Alberta 208,500,000 (23.4).

Oats: Manitoba 15,000,000 (26); Saskatchewan 90,000,000 (22.6); Alberta 115,000,000 (45.2).

Barley: Manitoba 2,500,000 (22.3); Saskatchewan 23,500,000 (18.8); Alberta 208,500,000 (23.4).

Rye: Manitoba 2,413,000 (13.1); Saskatchewan 7,500,000 (12.4); Alberta 3,800,000 (21.1).

Fax: Manitoba 830,000 (9.1); Saskatchewan 1,900,000 (8.1); Alberta 300,000 (13.1).

**Wheat Delivery
Quotas Increased**
WINNIPEG, Sept. 12.—In wheat delivery quotas at 40 more points in the prairie wheat belt were announced Wednesday by the Canadian Wheat Board, making a total of 326 stations where more than five bushels per acre were to be marketed. Quotas at some points are now 10 bushels.

In Alberta increases are as follows: From five to eight bushels at Blackfoot, Brooks, Brooksdales, Cross, East, Mutton. From five to 12 bushels at Cross, East.

WHEAT PIT IS FORESAKEN BY GRAIN TRADER

**Present Market Slump Is
Contrasted With Hectic
Days Of 1917**

WINNIPEG, Sept. 12.—Features less wartime grain trading on the Winnipeg grain exchange for the last three months is a far cry from the hectic days of May, 1917, when the May futures price rocketed to \$10 a bushel, and unbundled buyers demand forced grain officials to withdraw trading facilities in May and July.

That action was taken to prevent the price from going higher. Today, prices of the October and December futures are pegged at 73½ and 74½ cents a bushel, respectively to prevent them from going lower. With an exportable surplus of Canadian wheat estimated at 600,000,000 bushels piling up in farmers' bins and elevators, and little prospect for a wider market, buyers show little interest in wheat purchases.

TRADE TIDES

As recently at May of this year, before discouraging war news threatened to knock the bottom out of the grain market, more than 800 traders jammed the hexagonal wheat pits on the Winnipeg trading floor shouting bids and offerings for Canadian wheat.

Then, when the federal government fixed minimum prices for wheat futures on May 16, trade gradually faded out until prices stopped fluctuating altogether June 24. Since then they have never risen from their minimum levels.

Day after day the wheat pit remains deserted. A few traders stand around the "belly," only occasionally entering the pit to make a transaction. On three days in the last three months not a single trade has been executed—June 26, July 10 and Sept. 5.

Business is still being done by mills and export firms but it is executed on the sidelines, between individual traders and unattended by the din and excitement of the grain pit.

Before the price was pegged, six or eight board markets dented along catwalks in front of the big quotation boards posting and creating prices every second as trades were made in the pit.

Often constantly changing quotations were pouring into the exchange by ticker-tape from Chicago, Liverpool, Buenos Aires, Duluth and Minneapolis.

Today, three men look after all boards, and only occasionally are called upon to post changes.

The declining din of traders shouting their bids in the pits, teletype machines spluttering and announcements being made through loudspeakers is now replaced by comparative quiet.

HAWTHORN, Australia.—Thieves who robbed the Avon Valley Dairy here not only stole a large sale but also one of the firm's own milk carts to carry it away.

VAST NUMBER U.S. WEAPONS GO TO BRITAIN

**Expected To Be Used In
Combating Threatened
Invasion**

By EDWARD HOMAR
Associated Press Staff Writer
WASHINGTON, Sept. 12.—A great store of technically-outdated weapons, which Britain in her need obtained from across the Atlantic, may play a big part in the drama of threatened invasion.

The 500,000 or more rifles, and other arms, shipped by the United States to Britain last June, are largely infantry weapons and it is a military maxim that in the last analysis it is the infantryman with his gun who decides wars.

From a fourth to a half of the troops forming Britain's last line of defense bears rifles originally supplied by the United States 23 years ago for the American Expeditionary Force. Thousands of machine-guns and hundreds of field artillery pieces taken from American arsenals are other defenders.

BRITAIN'S NEED

How great was Britain's need after the British Expeditionary Force lost most of its equipment in France was stated at the time by Prime Minister Churchill. He told the House of Commons that only a portion of 500,000 defence volun-

teers possessed firearms of any kind.

From this and other disclosures, it appears that Britain now has under arms some 2,000,000 men to oppose any attack.

Details of the transaction by which the United States army turned over the arms to Britain were kept secret. Gen. George C. Marshall, war department chief of staff, explained to Congress that disclosure of full information was believed "contrary to the public interest."

ODD CONCURRENCE

It is well substantiated, however, that they included 500,000 and possibly 600,000 Lee-Enfield rifles along with some 150,000 rounds of ammunition, thousands of Lewis and Maxim machine-guns and hundreds of 75 millimeter field guns.

One congressman reported this week he understood there were 70,000 machine-guns and 6,000 artillery pieces. They were sold at surplus for \$127,000,000, according to an official announcement, less than a third of their cost.

It is a historic coincidence that the arms were originally intended for Britain in the first place. Manufactured in the United States to Britain's order prior to American entry into the first Great War. They were turned over to United States troops because there was insufficient time to turn out Springfield rifles. The then new Browning machine-guns, which the United States army still does not use, were service until 1918.

Killed By Plane

SYDNEY, Australia.—Nine-year-old Alan Orvad, a newspaper boy, was killed in an airplane crash when he fell beneath the wheel of a Douglas airliner and was crushed.

ELECTION SOWS SEEDS OF CIVIL STRIFE, MEXICO

MEXICO CITY, Sept. 12.—Gen. Manuel Avila Camacho was proclaimed president-elect of Mexico Thursday by the Chamber of Deputies upon the basis of an electoral commission report that he had beat Gen. Juan Andreu Almazan by 2,456,641 to 151,011 votes in the disputed July 7 election.

Mexico now has two presidents-elect, each backed by his own congress, and in the impasse lie the seeds of civil conflict.

(Foreign interests in Mexico which have undergone widespread expropriation under Cardenas are said by Avila Camacho's backers to have supported the Almazan candidacy. Almazan is a rightist, opposed to much of the Socialist reform under Cardenas.)

This little more than 2,000,000 of Mexico's 16,000,000 population voted in the presidential election, according to official figures.

Tokyo Paper Sees Danger Of War U.S.

TOKYO, Sept. 12.—The newspaper Kokumin, close to the army, declared today that relations between Japan and the United States are fraught with the danger of war.

It added that the Japanese government was therefore making special efforts to reach a rapprochement with Soviet Russia to guard its rear.

Fall fashions at Walk-Rite

TROUGHOUT our shop you will find clothes attuned to YOUR mode of living, scaled to YOUR figure, priced within the scope of YOUR income. You are invited to see them.

Frocks that Meet the Call of Fall

Warm Autumn tones are reflected in Walk-Rite's wool and costume wool dresses, and smartness is personified in their crepes with side-saddle drapes, slim skirts and dressmakers details of bodice and sleeve treatments.

\$6.95 to \$29.50

CITY TO OPEN FUND DRIVE TO BUY SPITFIRE

Residents Will Be Asked To Co-Operate In Appeal

Every citizen, business house and organization in the city will be asked to co-operate in the fund drive to buy Spitfires for the city hall, according to the appeal made to Edmontonians, Tuesday, September 12, by Mayor John W. Fry, at a meeting held Thursday evening at the city hall, devoted to make an appeal to Edmontonians and former city residents to donate to the purchase of a Spitfire fighter.

The provincial committee appointed by Mayor John W. Fry, at a meeting held Thursday evening at the city hall, devoted to make an appeal to Edmontonians and former city residents to donate to the purchase of a Spitfire fighter.

The cost of a Spitfire is approximately \$200,000 and it is the hope of the mayor and members of the committee that the appeal will be able to present funds for the purchase of a Spitfire in the borough of Edmonton.

ASSISTANCE ASKED
Appeal from Edmonton, England, to assist in the purchase of a Spitfire fighter machine was made in the city hall, Tuesday, September 12, when Mayor Fry has been actively engaged in laying preliminary plans for a drive for funds.

Although little publicity has been given to the appeal the mayor has received a number of donations from Edmontonians and people living outside the city. One substantial donation was received from Calgary. It was sent by a former resident of Edmonton, England. The generous donor wanted Edmonton, Alberta, success in their appeal.

COMMITTEE NAMED
Members of the provincial committee are Mayor Fry, A. Campbell, City Controller, Mrs. R. C. Marshall, Mrs. Dr. T. H. Field, W. J. Dick, H. H. Parke, K.C., A. B. Brown, M.M., E.D. Coler, E. English, a acting secretary to the committee and will be, ex-officio, secretary to all committees set up in connection with the campaign.

Special committees to be formed in connection with the drive for funds will be finance, publicity, advertising, speakers and other committees as the drive progresses.

The finance committee will be headed by Mr. Campbell and will be composed of W. J. Dick, Alfred Farnish, H. H. Parke, K.C., and R. V. MacGoshan.

SPEAKERS ORGANIZE
Initiations will be extended to managing editors of the two city daily papers and managers of radio stations to form a publicity and advertising committee, while a speaker committee will be organized at a meeting to be held at Mr. Parke's office, Canadian Bank of Commerce building, Monday morning at 10 o'clock.

Further meeting of the provincial committee will be held on Wednesday, September 18, at 8 p.m., in the city hall.

AUDITORS
Announcement was made Friday by City Controller A. A. Campbell that Messrs. Kinnaird and Aylen, city auditors, had consented to audit the Spitfire fund.

It was announced by Mayor Fry that H. R. Hammond, managing editor, Edmonton Bulletin; F. M. Greer, managing editor, Edmonton Journal; Gordon S. Henry, manager of C.F.R.N., had accepted invitation to form a publicity and advertising committee in connection with the fund.

WINGS NORTH

It is expected that Sir Edward Beatty, K.C., honorary president of Canadian Airways Limited, will pay a visit to company holdings in the Edmonton area while in the city over the weekend. G. W. Hutchinson, president, and G. A. Thompson, general manager, of the company inspected the Canadian Airways (Training) Limited facilities at the Edmonton airport Friday.

The Rayson party which arrived in the city from Grande Prairie Thursday by Yukon Southern Air Transport, is now at entrance to continue their hunting and fishing trip through northwest Canada.

North Saskatchewan of Canadian Airways Limited, is due in the city Friday night from Yellowknife and Fort Smith with Mr. Clark, Mr. Henry and Dr. Henderson of the Dominion geological survey in the Yellowknife region, and Dr. Rutland of the Nexus Mines.

The last two flights to Alaska before breakfast are en route. Jack Mear of Canadian Airways is north-bound from Fort Norman, while Freddie McKullen, of Mckenzie Air Service, is north from Fort Smith.

Corvette Launched

An Eastern Canadian Press, Sept. 12—Another Corvette class ship was launched here Thursday, to join the growing number of commissioned for work with the Royal Navy and the Royal Canadian Navy. The ship, named "Crested Wave," was christened by Mrs. E. J. Crow, wife of Rear-Admiral Crow.

Nazi Planes For Rumania

These war planes are German Heinkel bombers, pictured as they were being prepared for shipment to Rumania from Germany. It was such a German-made plane, piloted by a Rumanian, which was reported to have shot down a Hungarian bombing plane, creating a crisis that brought Axis powers into action for a quick showdown on the Hungarian-Rumanian quarrel over Transylvania.

Through The Mill

What's they say about a good soldier being able to "twine the lead" under all conditions? Over at police court Friday the name of a member of His Majesty's land force was called to answer a charge of intoxication. There was no reply and a bench warrant was asked by the Crown. It seems that the accused had been in the city some time ago on two weeks' leave from the big military camp down on the prairie. Feeling pretty good he got jolted up and engaged in a fist fight, resulting in charges of assault and intoxication being laid against him.

Realizing he was in a jam the soldier boy asked for an adjournment for two weeks which was granted. Then he went to the local military and obtained a certificate showing that he was required to appear in police court on a certain date. Then he wrote his commanding officer at the eastern camp and enclosed the certificate. His leave was extended two weeks. In the meantime the assault charge was withdrawn.

This morning he was back in camp, with everything above board as far as his soldiering is concerned. Police here may or may not bring the man back here to face the Crown charge, but under any conditions the soldier boy got two whole weeks more leave out of the affair.

A truck driver who nearly collided with a traffic constable on a motorcycle was found guilty and fined \$5 and costs.

CALL ISSUED FOR RECRUITS FOR R. C. A. F.

With recruits leaving the city daily in large numbers for training centres in eastern Canada, R.C.A.F. recruiting officials are now able to receive applications for all branches of service in the air force. Positions are being rapidly opened as the air training scheme expands, so that applicants can expect to be "called up" within a short while for examination and recruiting procedure.

Flying Officer William Thompson, M.C., D.F.C., officer in charge of R.C.A.F. recruiting here, reports there is still a special demand for trained male switchboard operators. Applicants must have a general knowledge of switchboard maintenance and repair as well as operation.

Flying Officer Thompson, wishes to point out to all prospective recruits that recent "manning orders" on enlistment to the R.C.A.F. set forth that the minister of national defence for air, Hon. C. G. Power, has requested strict application of a long standing order that any employment of political influence in recruiting will seriously jeopardize the candidate's chances of enlistment and will not be tolerated.

It is suggested that letters of recommendation are acceptable from police magistrates, postmasters, chief constables, notaries public, employers, bank managers, ministers of religion, barristers or solicitors, physicians, surgeons, school principals, principal officers of trust, loan or other well-known corporations and any other well-known business or professional men.

In addition to any letters of recommendation, it is pointed out, there should be a letter from a recent or present employer detailing with the ability and trade qualifications as well as the character of the applicant.

Crop Donation To Boost Blind Funds

Donation of 300 bushels of wheat to the Canadian National Institute for the Blind to aid in the campaign funds has been received from Clinton, Alta. The gift wheat is still growing, but it will be turned over to the Institute by a South Side businessman as soon as it is threshed. Donated to the Institute in 1938 were 1,000 bushels of potatoes. Speaking of the donation, Dr. M. Macalister, executive officer of the northern Alberta branch, said: "We want cash primarily but anything that can be converted into money of donated to our campaign is welcome."

SOCIAL SERVICE GROUPS GATHER TO TALK PLANS

Representatives of Edmonton organizations which have become affiliated with the Social Service Bureau of the Local Council of Social Agencies, held their initial meeting in the Tepler Building, Thursday.

Organizations affiliated are the Anglican Social Service Council, Catholic Welfare Bureau, Canadian National Institute for the Blind, Canadian Red Cross Society, City Relief Department, Province Guild, Clinic, Family Welfare Bureau, Hope Mission, Out-Patients Department of the University Hospital, Bureau of Public Health, Salvation Army, Tuberculosis Clinic, Unemployment Relief Department, Victorian Order of Nurses and the Y.M.C.A.

Examination of the exchange set-up with a view to possible change and improvement was made. These organizations have already cleared through the exchange the names of 4,680 persons or families and in 262 of these cases, the exchange found that more than one organization was interested. It is expected that several other organizations will join the exchange system as soon as their autumn work gets underway. Agencies wishing to use the exchange are asked to contact the Council of Social Agencies.

WITNESS ABLE TO IDENTIFY ACCUSED MAN

Crowded groups of spectators, police officers and witnesses became a motley lineup in the police court Friday, during the hearing of an attempted burglary charge against Kenneth Abbott.

Accused, who is alleged to have tried to force his way into the premises of the Sunset Service Station, 114 avenue and St. Albert trail, was removed from the premises desk and, at the suggestion of his counsel, Neil D. Macdonald, K.C., permitted to sit in the body of the courtroom while G. Ouellet, service station operator, was asked to pick out the man he saw attempt to enter his filling station.

The witness walked slowly from the witness box to the rear of the courtroom, peering intently into the faces of all in the room. Then he returned to the box, shaking his head.

Crown Prosecutor C. G. Parvise, K.C., invited witness to take more look, then without hesitation Mr. Ouellet walked in front of Abbott and said: "He looks like the man."

Decision in this case, as well as another charge against accused of breach of recognizance, was to be made later in the day.

PROGRESS MADE IN WAR SERVICE WORK OF Y.M.C.A.

On an inspection trip to Edmonton Thursday, T. A. Dimock, Saskatchewan, area supervisor for the Y.M.C.A. War Services Board, stated considerable progress was being made in services provided for Canadian soldiers at home and abroad.

While in the city he conferred with Reg. T. Rose, general secretary of the Edmonton Y.M.C.A.

Since the war began, said Mr. Dimock, a participation in the service of over 8,000 soldiers has been definitely tabulated, and the number is probably much greater than that.

Arrangements have just been completed with the Y.M.C.A. in England to make available the facilities of 300 Y.M.C.A. centres for "our boys" over there. These varied services are rendered free of charge to soldiers. Services include concerts and entertainment, interpreters' religious needs, etc. As a matter of fact, Mr. Dimock said the services rendered are almost as varied as the needs of the men themselves.

As far as the Edmonton Y.M.C.A. goes, the work done by the local "Y" is also on a very large scale, he said.

Members of the 101 Fusiliers stationed here and many of the men

TELEPHONES AT HIGH FIGURE FOR EDMONTON

An all-time high record for the number of telephones in service was reported from the city telephone company Friday.

Supt. R. Christie, in his report to the city commissioners for the 1940 period ending September 12, revealed that 19,382 telephones were in service compared with 18,840 for the corresponding period last year. Revenue for the 1940 period shows an increase of \$115,000.

Makes It Hard

LONDON, Sept. 13—Hard in the bill, said a source in the R.C.A.P. are taking evidence of the gymnasium and shower facilities, through a representative of the board. Each man will have three periods a week, with free of charge.

The Y.M.C.A. board, it is being said, is in a position to do much more for the men of the fighting forces. Mr. Dimock said recently a call was sent to the War Services board for a supply of stationery for the men. Another million sheets are to be dispatched immediately, to the various centres, some coming here for the use of Edmonton troops.

BURGLARY, THEFT CHARGES HEARD HERE ON FRIDAY

Charged with burglary and theft of about \$100 from the Provincial News Co. premises on August 1 last, James Brown, Kenneth Abbott and Norman Barner appeared before Magistrate Miller in police court Friday morning and a decision as to whether the case was to be made at the afternoon session.

C. G. Parvise, K.C., crown counsel wanted to proceed with the case as a preliminary order, also he was not prepared for trial, he stated. Counsel for the three accused, Neil D. Macdonald, K.C., asked that his clients be continued to trial. Mr. Macdonald said that a further adjournment on the part of the crown looked like a deliberate attempt to keep the men in jail.

Mr. Parvise and a witness would have to be brought from Saskatoon if the case were to be tried by the magistrate. Mr. Macdonald said he had been willing to admit the evidence of the Saskatoon witness for the purpose of an immediate trial.

The difference between any two-fifteen number and the number found by returning the rights always is divisible by nine.

Fresh-from-the-Garden

Libby's

TOMATO JUICE

MADE IN CANADA

CANADA'S favourite drink

Libby's "Gente Press" Tomato Juice is so flavourful and refreshing that drinking it is akin to tasting the garden-fresh tomato itself. In recognition of this fresh-from-the-vine flavour, Canadian housewives have given Libby's "Gente Press" Tomato Juice overwhelming preference—have made it Canada's most popular tomato juice.

Libby's "Gente Press" patented process, exclusive to Libby's, skillfully extracts the useful juices of the tomato. Retained in generous measure are health-giving vitamins A, B, C—making Libby's Tomato Juice an ideal "protective" food. The tomatoes are uniformly big, smooth blemishes, heavily laden with juice, the result of 28 years of painstaking cultivation and selective choice of seed—year after year's crop.

Next time try Libby's—you will agree with the majority of Canadian housewives that here is tomato juice with garden-fresh flavour.

Made in Canada by
LIBBY, McNEILL & LIBBY OF CANADA, LIMITED

DOUBLE YOUR MONEY BACK OFFER

Should you not agree that one of the best of Libby's "Gente Press" Tomato Juices is Libby's "Gente Press" Tomato Juice? Then you have made a mistake. Libby's will give you double the money back if you return your Libby's "Gente Press" Tomato Juice to the Libby's store where you bought it. Send in your Libby's "Gente Press" Tomato Juice label and you will receive your money back. Send in your Libby's "Gente Press" Tomato Juice label and you will receive your money back. Send in your Libby's "Gente Press" Tomato Juice label and you will receive your money back.

WORLD SERIES BASEBALL TO START OCTOBER 2

Hicks Beaten Standing Knee-Deep In Water

SEATTLE, Sept. 13.—Playing superbly through thunder, lightning and rain, par-thumping Marion Miley of Lexington, Ky., won her way to the semi-finals of the Western Women's Amateur golf tournament Thursday with a 4 and 2 victory over youthful Elizabeth Hicks of Long Beach, Calif.

In the less spectacular quarter-final matches, national champion Betty Jameson of San Antonio, Texas, defeated Nancy Hurst, Portland, Ore., 6 and 4; Mrs. J. K. Preble, Seattle, city champion, upset Mrs. Mary Storr Wagner, Portland, 4 and 2; and Mariel Veach, Longview, Wash., eliminated Beatrice Barrett, Minneapolis, 5 and 2.

The Miley-Hicks match was parked with the 18-hole tournament. Miley was trying to even the score for a 20-hole match at the hands of Mrs. Miley in Florida last week. The Seattle Golf Club was unable to find a suitable spot for the match with the water from the lake.

The hole, Mrs. Miley, would be down with the 400-yard 18th, a water hazard which Mrs. Miley would be standing in. She did not give up and after several attempts she won the hole with a water hazard shot. She then won the match with a 4 and 2 victory.

Mrs. Miley, who was playing in the 18-hole tournament, was defeated by Mrs. Miley in the 20-hole match. She was defeated by Mrs. Miley in the 20-hole match.

Will Settle Details At Conference Today

CHICAGO, Sept. 13.—The American League, now in the midst of the closest flag race in its 40-year history, will hold a big "majority" vote over the National circuit at the annual world series meeting today before Kenesaw Mountain Landis, commissioner of baseball.

No fewer than five American League teams will be represented at the session—Detroit, Cleveland, New York, Boston and Chicago. Only two National League clubs were invited—Cincinnati Reds, now leading the senior circuit by a wide margin, and the second-place Brooklyn Dodgers.

With the major league season closing Sept. 28, the 1940 diamond classic likely will open Wednesday, Oct. 2. Last year's series opened at Yankee Stadium, home field of the world championship New York Yankees, on this fall's special will start on the home grounds of the national league permanent winner.

Should the Reds come through as expected, the first two games would be played at Crosley Field, Cincinnati, if custom is followed. The third, fourth and, if necessary, fifth games would be played at the park of the American League champion, with the sixth and seventh games, if necessary, swinging back to the National League park.

Michael Ignores Pleas Of Lupescu

BUCHAREST, Sept. 13.—Gen. Ion Antonescu, Rumania's military dictator, claimed yesterday that Magda Lupescu had tried to persuade former King Carol's son, King Michael, to go with them into exile, but that the boy had disregarded the advice.

Return To Work

TACOMA, Wash., Sept. 13.—The A.F.L. International Longshoremen's Association voted Thursday to end its "picket strike" which has closed three Puget Sound ports and members will return to work today.

Artist Dies

ANCHORAGE, Alaska, Sept. 13.—SYNDY LAURENCE, 34, whose paintings of Mount McKinley won her wide fame, died yesterday.

The United States has one-half of the world's telephones.

HAMILTON OUT SENIOR PLAYOFF ONTARIO BOXLA

MIMICO, Ont., Sept. 13.—Hamilton Tigers passed from the Ontario Lacrosse Association senior playoffs Thursday night when they failed to stem a rally by Mimico Mountaineers and lost 8-6 for the second straight defeat in the best-of-three semifinal series.

Victory gave Mimico the right to meet Brampton with the first game at Brampton Monday. Brampton finished fifth in the league standing and attained a senior "B" rating to earn a play-off bracket with the "A" teams, St. Thomas, Orillia, Mimico and Hamilton.

Victor in the Mimico-Brampton series will meet St. Catharines for the all-Ontario championship. The Orillia team was ousted in a play-down series with St. Catharines, eastern Canada champions last season.

Wade Takes Third

PENDLETON, Ore., Sept. 13.—Jack Wade of Hinkley, Ala., placed third in the bulldogging event at the Pendleton roundup Thursday. Frank Van Meter of Weiser, Idaho, won the day's event with a time of 13:53 seconds. Wade's time was 14:35 seconds.

Indians taught the Pilgrims how to make moccasins. They, in turn, taught the moccasins and shipped off a hunk when needed.

Announcements—

Engagements (2)

Mr. and Mrs. Alfred Davidson, of Edmonton, announce the engagement of their only daughter, Elizabeth (Betty) to Kenneth Walter Edwards, of the city, youngest son of Mr. and Mrs. C. Edwards and the late Mr. Edwards, of the city. The wedding will take place October 20, 1940.

Deaths (4)

CHARLES EDGAR MCGUIRE, On September 12, Charles Edgar McGuire, 1188 10th Ave. S.W., died at his home. Father of Mr. John McGuire of Edmonton, Rev. R. McGuire, of the city, and Mrs. McGuire, of the city. Burial in the city.

Cards of Thanks (6)

Mr. J. D. Thorton and family wish to thank those who have been kind enough to send them cards of sympathy for the loss of their son, John D. Thorton, who died September 12, 1940.

In Memoriam (7)

To the loving memory of George Toddy (Daddy), who passed away Sept. 12, 1940. He has gone to his home in heaven. We miss him very much.
